Clair-Voyance ---**During your day, do you usually pay the most attention to how things look? If so, you probably are most open to a visual perspective and clairvoyance, or psychic vision.**

Prophetic - **So with Prophetic, you are receiving wisdom and information from your Inner Being, in the form of ideas, concepts, and thoughts that suddenly come into your mind.**

Intuition

Clair-Audience - **Are you someone who really zeroes in on sounds, tones, what is said, rhythm and music? If so, you might be more open to an auditory perspective and cliraudience, or psychic hearing.**

Clair-Sentience- **If you tend to focus most on how things physically and emotionally *feel* to you during your day, chances are you are most open to a feeling or sensing-based perspective and clairsentience or psychic feeling/sensing.**
